Moshe hit the rock but he was supposed to talk to the rock.
Moshe was feeling angry at Bnei Yisrael.

God told Moshe to speak to the rock. He hit the rock. Too much water came out.

“God communicates to Bnei Yisrael through Moshe. God told Moshe to hit two rocks together so they could get water and not be dehydrated.”

Caroline reflected on Moshe's actions. Moshe got angry and hit the rock. Caroline suggested that Moshe sit down and he can also take 3 breaths to calm himself down.

I drew the Jewish people drinking water out of the rock. The Jewish people are holding cups waiting for water and then they went to a bonfire and sat down. The thinking bubbles show a heart, the sun, water and dots. (Mann: I think God gave some

Moshe is the really tall one. This is the 3rd day. Bnei Yisrael is talking to Hashem and Bnei Yisrael is listening to Hashem so nicely. The people are holding their clothing because they need to wash them. (That is what God asked them to do.)

בני ישראל מחכים למשה שירד מהר

Moshe was climbing up Har Sinai. Bnei Yisrael were standing at the bottom.

The green squiggle on the left hand side depicts a shofar. The green lines in the middle depict lightning and the people on the right are Bnei Yisrael with Moshe and Aharon. (Moshe has a staff hitting a rock.)

God is communicating to all of the Jewish people that Moshe is coming down. God is making lightning and blowing the Shofar.

This is a picture of Moshe coming down the mountain. Miriam and Aharon are standing. God is coming down from the mountain through lightning and thunder and smoke. At the end everyone hears the shofar.

This is an emotion flower. These are some of the emotions of Bnei Israel, Hashem and Moshe when they communicate. (love, anger, sadness, hope...)
